

Nature in Louisiana

Playing outside in Louisiana is fun. I like watching black birds, because there are lots of them here. I like taking nature walks to look at all of the different flowers and leaves. My favorite flowers are roses and buttercups. I like to watch butterflies. I like to ride my bike to feed the ducks. I like to catch lizards and dragonflies with my Paw Paw and let them go.

Taking care of nature is important. When I see trash outside, I pick it up and throw it away. I take care of hurt bugs by scooping them up with leaves and putting them in a safe place until they are better.
